

INGRAHAM ENGLISH MEDIUM SCHOOL (CBSE)
252, G.T. ROAD, GHAZIABAD

PRINCIPAL'S REPORT (2025-26)

It gives me immense pleasure to present the Principal's Report for the academic year 2025-26 , a year marked by growth, innovation, and commendable achievements at Ingraham English Medium School and Asha Vidyalaya. This report is not merely a summary of events, but a reflection of the collective spirit, dedication, and excellence that define our school community.

Academic and Co-curricular Achievements

Our students have continued to uphold the tradition of academic zeal that Ingraham stands for. In 2024-25, 122 students appeared in Class 10, wherein the pass percentage was 100% and 103 students appeared in class 12, wherein the pass percentage was 94.1 %.

This year, we are delighted to share that one of our students, Reet Gupta of Class 10 C, was selected for the State-level Inspire Award, a recognition that highlights the spirit of innovation and creativity among our learners.

Equally remarkable was the success of MUN 2.0 (Model United Nations), hosted by our school. The event saw enthusiastic participation from students who demonstrated leadership, diplomacy, and awareness of global issues — skills that truly prepare them for the future.

Adding to our list of milestones, this academic year also witnessed the launch of the first-ever school Newsletter, a student-led initiative that celebrates creativity, expression, and the power of communication within our community.

At Asha Vidyalaya the pass percentage was 100% , reason enough to celebrate our 50th year of existence as a pioneering school for the Hearing Impaired and Intellectually challenged children. Honourable Member of Parliament, Sri Atul Garg partnered with Asha Vidyalaya to celebrate our Golden Jubilee by co-hosting Inter-School Sports as Sansad Khel Mahotsav wherein about 1000 Divyang students of 20 schools participated in games and sports. We were privileged to have Sri Sunil Bansal, National General Secretary. BJP, as our Chief Guest for the very first Sansad Khel Mahotsav for Divyang in India.

School Growth and Development

We continue to strengthen our infrastructure and learning environment to match the evolving educational landscape. SETU classes and experiential learning practices have enhanced classroom engagement, ensuring that learning remains dynamic and student-centered.

Two new lawns have been added to our beautiful green campus. The installation of solar panels is yet another step towards becoming a green school. The addition of a new Computer Laboratory at Asha Vidyalaya, with support from CBN and Denave, will go a long way in skill education of our Divyang students.

Faculty and Community

Our teachers have been the cornerstone of every success. Their commitment to nurturing each student's potential, along with their openness to continuous learning, remains invaluable. I also extend my heartfelt gratitude to our supportive parents and the school management for their constant encouragement and trust. Continuous professional development through regular teachers trainings enables teachers to evolve and grow as teacher learners.

Looking Ahead

As we look forward to celebrating the Ingraham legacy of a 100 years in the new academic year, we remain guided by our vision — to empower every learner with knowledge, values, and confidence to lead meaningful lives. With continued teamwork and dedication, Ingraham English Medium School and Asha Vidyalaya will undoubtedly reach greater heights.

Conclusion

I congratulate all students and staff for their hard work, enthusiasm, and achievements throughout the year. Together, we have made 2025–26 a memorable chapter in the history of Asha Vidyalaya and Ingraham English Medium School. Let us continue to learn, grow, and shine with the same zeal in the years ahead.
